

How to apply for a course

Choose a course

We offer an exciting range of courses including single honours (just one subject) or joint honours (two subjects). Have a look at our [course finder](#) to explore the options.

If you don't have the formal qualifications for immediate entry to a degree course, you may be able to take a [Higher National Diploma \(HND\) or foundation degree \(FdA or FdSc\)](#). These courses help you prepare for degree-level studies and gain the necessary academic background.

Check the entry requirements

There will be specific qualification, grade and subject requirements for your chosen course, so be sure to check what these are.

You can find information about entry requirements on each of our [courses pages](#). For more general information on qualifications and grades, visit our [entry requirements page](#).

You can also visit [UCAS.com](#) for further details. If you're unsure about whether you meet the entry requirements contact the Admissions Office and we'll be able to advise you.

How to apply

How you apply depends on the [undergraduate](#) or [postgraduate](#) course you are interested in and whether you are studying full or [part-time](#).

Please select the relevant page from the navigation on the left of this page for course-specific details.

If you are in any doubt about how you should apply, please contact the Admissions Office, who can also advise you on course vacancies and entry requirements.
